### Note from the RES PTA:

State law does not allow the school to *require* parents to purchase even basic school supplies for their children. However, the supplies listed are traditionally provided by parents for children in public schools. Although not required by law, the PTA urges parents to provide their children with the standard supplies requested by our teachers, either through this vendor or by purchasing elsewhere (list will also be included in August class placement mailing).

Anyone with a financial hardship should contact Karen Bowen in the main office to have their supplies confidentially funded.
